- We would like you to not consume alcohol & smoke in the premises
- For people staying at the residency sound level limit is 65 decibel.

Other details Rehearsal space

- The rehearsal space can be used from 7 am to 9 pm.
- Our sound level limit for the space is not more than 85 decibel. Hence we do not encourage the use of any kind of sound amplification technology or system. It's an intimate space and we are sure you will not find the need for any. (But just in case you

do, don't worry we have a reliable resource which will warn you if you go above the sound limit)

- The toilet for the rehearsal space users is on the floor above the space (3rd floor). Please keep it clean.
- Unfortunately we do not have a green room. But you can use the office room on the first floor and if the residency is not occupied then we can offer you to use it 1 hour before the show.
- We request you to switch off all lights post rehearsals.
- If you will be using the space for more than 8 hrs a day and for consecutive days, you may feel free to leave your sets behind. If not then leaving sets back will depend on the use of the space by others. If nobody is using the space you may leave it only for the days you are rehearsing.
- You may also have to bear with an occasional visit from an 84 yrs old man who will volunteer to watch your rehearsals and give feedback (Anu's father) if your play appeals to him, he might offer you some good coffee!!!!!!!

Generic details

- The space is for the art community and hence we know you will maintain the space in good condition for the duration you use. If by mistake you do damage anything we are sure that you will also get it repaired or pay us to get it repaired.
- If you want help in documenting your performance / workshop / rehearsals. We can do that as we have a decent DSLR and a professional photographer who has offered to do it at very low cost in his spare time for us.
- There is enough space for around 10 bikes in front of our space. Cars and remaining bikes can be parked on the street right behind us (6th main). There is ample space.
- For all performances Untitled Arts would like to have 3 tickets which would be given as complimentary to the press or donors of Untitled arts. If those 3 are not utilised by us we shall give it back to you to sell it.
- Untitled Space, as it is would like to become a creative booster, so consuming alcohol and smoking will hurt its sentiments. The space may also just decide to haunt you if you hurt her like that!!!!!!!☺☺..... We also have a dog which you can pet but she is our official spy.....
